

Vehicle Cabinets

These strong, durable and lightweight cabinets are for the storing of fire extinguishers in a truck or on a trailer. They all feature an internal strap to help prevent the extinguisher moving when in motion. We also supply fixing kits for the cabinets.

- X3281 and X3282 feature internal spring to locate extinguisher.
- X3283 supplied with internal retaining strap.
- Optional fixing kits available.
- **NOTE** : Fire extinguishers not included.
